NEW TREE

Special thanks to the Raison and Wiemes families for their generous donation of the new lychee tree in the front yard; it looks great. We can't wait to try the fruit!

P&C NEWS

The P&C is holding a fundraising BBQ at Bunnings on Sunday April 10th. If anyone can spare an hour or two to help cook and serve please speak to Louise Johnson. We also need large eskies for the day.

We are also waiting to hear back about a Theatre catering evening for May. This is a valuable fundraising opportunity for the school and we hope to be able to do it with lots of volunteer help.

As some of you will know, the school Garden group is planning on applying for a Stephanie Alexander Grant this year. There are plans to plant a fruit orchard. Donations of plants and tools (spades, wheelbarrows etc) would be greatly appreciated.

One of our new Kindy mums is a talented artist and we are looking forward to Deeanne and the children's artworks brightening up some dull places in the school! The P&C will be donating paints towards these. Deeanne will also be working on the next Community newsletter. The P&C hopes to produce these each term to help the community have insight and involvement in the goings on at the school.

The next P&C meeting will be on 4th May, 6:30pm in the school library. All parents and carers are encouraged to come along and have your say in this great school.

Upper Lansdowne Public School**Anzac Day Service**

Our school Anzac Day Service will be held on Thursday, 7th April at 10:45 am,

and will be followed by morning tea for our parents and community members. All are welcome

Avoid getting spam

Most spam carry viruses that:

- aim to harm your computer
- contain explicit material, or
- are an attempt at fraud.

How can you and your children avoid getting spam?

- Be wary of who you give your email address to.
- Avoid posting your email address in chat rooms or on social networking sites.
- Have a generic email address set up – when you do need to publish contact details, you may want to use an address that you won't be so worried about should it be flooded with spam.
- Be careful when filling in forms online – many spammers (and also legitimate websites) collect personal information, including email addresses, via online registration forms. Make sure you read and understand the entire form before submitting any personal information, particularly one that's unfamiliar to you. You should also check the privacy policy of any site that asks for personal information. Make sure it states that your details will not be passed on to anyone else or used to send you unsolicited email.
